LAUDERDALE LAKES WATERSHED PLANNING KICKOFF MEETING (6/30/21) – MEETING NOTES

- Meeting start time approximately 6:35 PM
- Attendance not taken, 8 people in attendance, largely represented by the Lauderdale Lake Improvement Association (LLIA)
- Kickoff meeting presentation (7 slides) by Brian Valleskey of Geosyntec
- Open Discussion (from slide review and open dialogue)
 - The watershed planning process is being made possible by a grant obtained by the Lauderdale Lakes Lake Management District (LLLMD) for the benefit of all lake stakeholders and to update the 1998 Surface Water Runoff Study.
 - It was asked if a copy of the 1998 Surface Water Runoff Study could be posted or be otherwise made available.
 - 4 total meetings are anticipated:
 - Kickoff Meeting (this meeting)
 - 2 informational meetings (likely late August and October)
 - August likely review 1998 Study
 - Review USGS Study
 - Anticipate stakeholder questions/participation Q&A
 - Final findings and wrap up meeting (December)
 - Discussion on how we improve attendance at future meetings
 - Discussion regarding projects and programs
 - DNR Healthy Lakes Program
 - DNR Surface Water Grants Program

Next Meeting to be posted by LLLMD, likely to be in August

- Will review USGS and 1998 Surface Water Runoff Study
- Review outcome of 1998 Study
 - How was it shared
 - Implementation
- Review findings of work to date
- Hope to record future meetings
- Attendees agreed that an online platform was preferred for now
